WHEATCROFT MAN KILLED IN MINE ACCIDENT

Brake on Down-Going Car Failed to Work and Death is Result.

Middlesboro, Ky., Oct. 12.—The brake on a down-going car Monday morning failed to work. The car sped down the incline toward the mine and soon attained terrific speed.

In the coal car was Supt. Hardin and six miners. The runaway car came toward them at a terrific rate and was unseen until too late for them to save themselves.

The crash of the collision was heard for miles and when the rescuing party arrived they found Superintendent Hardin dead and the rest of the miners terribly injured.

Hardin was a native of Wheatcroft.

BEAUTIFUL PHENOMENON

"Sundogs" and Solar Halo Witnessed Here on Saturday Morning.

CAUSED BY PRESENCE OF ICE CRYSTALS IN THE AIR

Saturday morning many Earlington citizens observed an unusual phenomenon in the eastern sky shortly after sunrise or about 7:30 o'clock. Two brilliant spots of light, one on either side of the sun, were seen and a solar halo formed a brilliant half circle above the sun in prismatic colors. The "sundogs," as the brilliant spots are called, were visible for some time, and attracted much attention and interest. Most people who saw this display say they have heard of "sundogs" but never before have seen them.

Parhelia is the scientific name for "sundog," and is defined in an encyclopedic dictionary as: "A mock sun, appearing in the form of a bright spot near the sun, usually tinged with the prismatic colors, are sometimes having a luminous train. Two or more parhelia are generally seen at the same time, in connection with solar halos, both being due to the presence of ice crystals in the air."

The next time we meet a "sundog" we will all know what he is.

TAYLOR MAKES PROPOSITION TO SETTLE MATTER

Suggest Campbell and County Board Resign and New Election Be Held.

Henderson, Ky., Oct. 8.—J. Stokes Taylor, defeated candidate for chairman of the county committee of the Stemming District Association, has submitted a plan for the settlement of the trouble among the members of the association in this county, and it is believed it will be accepted.

Mr. Taylor suggests that Geo. Campbell, who was elected to succeed the former, resign and all the members of the county committee do likewise. He suggests that the names of Campbell and Taylor be barred.

As an alternate proposition Taylor suggests that the question of a county chairman be submitted directly to a vote of the voters. He and Campbell are to bear one-half of the expenses and the election to be secret. It is believed the proposition will be accepted and the tobacco controversy will end.

Krieger has entered actively upon his duties as successor to Ripley.

DAUGHTERS OF THE CONFEDERACY

Gathering in Hopkinsville for 13th Annual Convention.

EARLINGTON AND MADISONVILLE CHAPTERS REPRESENTED.

Hopkinsville, Ky., Oct. 12.—Everything is in readiness for the thirteenth annual meeting of the United Daughters of the Confederacy for the State of Kentucky, which will be held here this week, beginning tomorrow.

The delegates began arriving today, and considerably over 100, among whom will be some of the most notable women of the State, will be present during the two days the convention will last. This is an unusually large attendance, but so generous have the citizens been in offering free entertainment in their homes that the committee having this part of the work in charge is able to take care of all who may come.

The delegations from the central and eastern portions of the State met in Louisville and came over the Illinois Central. At Princeton they were joined by the Paducah delegates and others from that part of the State, and all came in together at 6:35 tonight, this being the heaviest delegation to arrive at one time.

The business sessions will begin at 9:30 o'clock tomorrow morning in the Christian church. Tomorrow night from 8:30 to 11 o'clock a reception will be held at the Elks' club rooms in honor of the delegates and officers, and this promises to be one of the most important features of the meeting. The members of Ned Moriwether Bivona, United Confederate Veterans, have been given a special invitation to be present at this reception.

Interest centers in Mrs. Caroline Meriwether Goodlett, the founder of the organization. Mrs. Goodlett was reared near Trenton, in Todd county, and is therefore in reality a Kentuckian, although she makes her home at Nashville, Tenn. This will be the first time that she has ever met with the Kentucky division of the United Daughters of the Confederacy, and, naturally, the committee having the meeting in charge are much pleased at her coming. She is a charming lady, and during her stay in Hopkinsville she will be the guest of honor and the recipient of marked attention.

Several ladies left here yesterday to attend this meeting. The Earlington Chapter is one of the largest in the State and has only been organized a short time. Mrs. P. B. Davis and Mrs. Sory are the delegates from this chapter.

Target Practice for Third Regiment.

The Third regiment, K. S. G., commenced its target practice Monday, under the supervision of Lieut. H. W. Rogers, of Company G. The boys will have to bear their own expenses, as the State has no appropriation for a second shoot, but the boys have a fine chance to improve their shooting at a small expense, especially those boys that belong to the companies near here. This is the best and most complete range in the State. They have from October 11 to 22 inclusive.

GEN. JOHNSON INDICTED

For His Attack Upon Denny B. Goode, Editor of The Focus

MUST FACE CHARGE OF STRIKING AND WOUNDING

Philip P. Johnson, Adjutant General of Kentucky, will have to appear in the Jefferson County Criminal Court to answer to the indictment found against him yesterday. In this indictment Gen. Johnson is charged with maliciously striking and wounding Denny B. Goode, editor of the Louisville publication, The Focus. The papers all over the State were full of the story of the assault, which occurred on August 3 in the office of Mr. Goode in the Paul Jones Building.

This was about the time that the affairs of the first Regiment were so thoroughly aired and The Focus contained an article in which Gen. Johnson was charged with having ordered things with and eye to their political effect. He appeared, however, to have taken an especial umbrage over the appellation "Ponchock," which The Focus used in place of the Christian name, Philip, and went to the office of Mr. Goode, armed with a walking stick which he broke over Mr. Goode's head. Mr. Goode and Enstace L. Williams, who left the editor's office soon after Gen. Johnson entered, were the witnesses heard by the Grand Jury yesterday.

JUDGE LINDSAY ON DEATH'S BRINK

No Change in Condition and His Physicians Say End is Near.

Frankfort, Ky., Oct. 11.—There is no apparent change in the condition of Judge William Lindsay, and the physicians do not hold out hope for any permanent rally. They say he may live several days or may die at any time, as his condition is such that he cannot possibly live much longer.

At the First Presbyterian church Sunday the Rev. Dr. Eckman, who filled the pulpit in the absence of the regular pastor, the Rev. J. R. Ziegler, announced that Judge Lindsay had parted with the church and asked that the congregation to rise and sing "God Be With You Till We Meet Again." This was done and a prayer by the Rev. Dr. Eckman followed.

WIFE LEAVES MYSTERIOUSLY

Eighteen-Year-Old Bride of Frank Trumbo Disappears At Evansville

THE COUPLE ARE FROM UNIONTOWN, KENTUCKY.

Evansville, Ind., Oct. 12.—Beginning with the early morning assertion of Frank Trumbo that his wife had eloped with his uncle, there was revealed yesterday a story of more than ordinary interest and potent in mystery. Trumbo, who came here with his 18 year old wife about 10 days ago from Uniontown, Ky., to undergo an operation at St. Mary's hospital yesterday morning, stated the case to the detectives, so far as he could learn the details. Trumbo was accompanied to police headquarters by J. A. Ashby of 24 Harlan avenue, and a clerk at the St. George hotel. Trumbo asked that the officers get on the trail of his wife and his uncle, Dr. Raymond Minor of Louisville, Ky. The St. George hotel asked the police to trace down Minor for a \$40 boardbill he left behind when he suddenly disappeared on last Saturday evening. The St. George clerk swore to an affidavit and secured the issuance of a warrant.

Late in the night, after Trumbo had reached his home in Uniontown where he went in search of his wife, it was learned that Dr. Minor was back in Louisville and denied knowing of Mrs. Trumbo's whereabouts. Information from Uniontown was to the effect that Mrs. Trumbo had not arrived there and that no one knew where she was. Trumbo, it was said, was so overcome by the shock of not finding his wife in Uniontown that he had to be put to bed and given medical attention.

NIGHT RIDERS BURN BIG BARN FULL OF TOBACCO

Man Who Refused to Pool Loses His Crop of Burley.

Falmouth, Ky., Oct. 9.—A new barn belonging to Edward Johnson, who lives at Willow, near the Pendleton and Bracken county line, was burned to the ground last night by night riders.

Mr. Johnson had a notice about a week ago to pool his tobacco, but he had not done so. He was awakened last night to find the barn in flames surrounded by about 200 night riders.

The telephone lines to Brooksville were down and no communication could be had to that place. The barn contained about 15,000 pounds of tobacco, and is a loss of about \$2,500.

NINTH KILLING AT HENDERSON

Thos. Hopgood Shoots Elbert Brans—Shrouded in Mystery.

Henderson, Ky., Oct. 8.—Immediately following an altercation in a rear room of the Dill saloon, between Elbert Brans and Thomas Hopwood, the latter arose and discharged two shots from a revolver at Brans. Both bullets entered Brans' body. He walked to the bar and fell to the floor mortally wounded. He was removed to the city hospital and died at 11:45. The shooting had taken place two hours previously. The murder is shrouded in mystery.

This is the ninth murder in Henderson since July 26.

FIGHT OVER LATHAM WILL

Has Opened Up In Court In New York City.

WIDOW CHARGES UNDUE INFLUENCE OVER HUSBAND.

New York, Oct. 9.—The fight over the will of John C. Latham, the stock exchange broker, who left over \$150,000 to his native town of Hopkinsville, Ky., came before Surrogate Cohalan on the application of the widow, Mrs. Elsie Gaylord Latham, both individually and as guardian for her daughter, for the appointment of a temporary administrator of the estate, which is worth \$600,000.

Counsel for the executors named in Mr. Latham's will appeared and said they would not oppose the appointment of a temporary administrator. He said that the estate amounts to \$125,000 in stocks and bonds; stock exchange seat valued at \$80,000; cotton exchange seat valued at \$10,000, and the good will of the firm of Latham and Alexander, estimated to be worth \$481,000. He declared he understood that now is a good time to sell stock exchange seats, and that the appointment of an administrator is made necessary further because many checks are being received by the firm made out to the decedent.

John Thomas Smith, counsel for Mrs. Latham, said that the charges that Harry Allen, brother-in-law of Mr. Latham, and one of the executors, had used undue influence to procure the execution of the will and that Charles Fraser, a partner of the firm, and also an executor, refused to consider the sale of the exchange seats until a temporary administrator has been appointed.

The lawyer charged that Allen, who gets \$5,000 a year salary, has obtained a list of all the firm's customers in the cotton business and is asking for their trade through another firm. He wanted to know if it couldn't be stopped. He asked Mr. Fraser to compel Mr. Allen to quit, but got no satisfaction. He said that William B. Bristow, a lawyer, who is the third executor, owes the firm \$7,000. He said he didn't want to convey any imputation to Mr. Bristow and suggested that Mrs. Latham and Mr. Bristow be named as temporary administrators. Counsel for the executors objected to the naming of Mrs. Latham because she knows nothing about the business. The surrogate reserved decision.

Riggs' delightful farce comedy, "The College Boy." The piece is said to be one of the brightest and most potent laugh producers created since the days of the Hoyt forces and in fact it is in some way similar to those masterpieces of wit and humor, though it is entirely new and original in theme and treatment. Like all Keller productions, "The College Boy" has been given an elaborate production and he has provided a company of unusual excellence. One of the particularly attractive features of the performance will be a number of bright and clever specialties which will be interspersed.

TO THE EARLINGTON VOTERS.

After having been solicited by a number of our very best citizens, irrespective of politics, to become a candidate for Police Judge to succeed myself, I have acceded to their request, and am now a candidate on a non-political ticket, namely, "The Citizens' Ticket." Now I wish to say first and above all else, I believe politics should be kept out of municipal elections, and I believe any man, of either political party, creed or color, should have the same fair and impartial consideration at the hands of a court, and I say emphatically this has, and will ever be, my policy. I am aware that I have made some enemies in my effort to enforce the law against gambling, etc., but it is some consolation to know you have dis-

charged your duty, even at a sacrifice of friends and financial losses. So if you do not wish these laws, namely, gambling, etc., enforced, don't vote for me. If you do, elect me and I will do the rest. I believe that a large majority of our citizens, regardless of politics, religion, or color, are law-abiding and that they will endorse my efforts to rid this city of gamblers, bootleggers and others, whose crimes are a menace to the peace and happiness of all our people. They will be the judge on Nov. 2nd. If elected I will do my duty as I see it, regardless of consequences. Yet if they decree that some other shall succeed me, I will cheerfully submit.

Very respectfully,
ERNEST NEWTON.

Louisville, Ky.—A dispatch says that the Kentucky Rapid Transit Co., recently chartered in Delaware by Samuel M. Clement, Jr., of Philadelphia, capital \$10,000,000, will merge the principal traction companies in Kentucky with the interurban roads out of Louisville and Lexington. Double tracks are to be built. Philadelphia, Boston, New York capital will be interested. Graham, Gillfillan & Clement of Philadelphia, attorneys, are counsel for the company. F. R. Donahue, Albert J. Shermer and Harry W. Davis, all of Philadelphia, are also mentioned among the incorporators.

The first real sleeping car was built in 1864. It was called the Pioneer, and the builder further designated it by the letter "A," little dreaming that he would soon exhaust the letters of the alphabet. The Pioneer was built in a Chicago and Alton shop, and cost the almost fabulous sum of \$18,000. The best railroad coaches could be built then at a cost not exceeding \$4,500. The Pioneer was one foot wider and two and a half higher than any car ever built before. It had the hinged berths that are the distinctive feature of the American sleeping car to-day.

"The Servant in the House."

Local theatergoers will have an opportunity to see the most widely discussed play on the American stage when Henry Miller's "The Servant in the House" comes to the Vendome Theatre in Nashville for an entire week's engagement, beginning Monday night, Oct. 23, with matinees on Wednesday and Saturday. This is the play which Harper's Magazine calls "the most remarkable play in the English language," which the conservative New York Evening Post declares is "the greatest drama of the generation," and which the Chicago Daily News proclaims "the most beautiful play of the ages." The New York Sun calls "The Servant in the House" a "masterpiece," the New York Times hails it as a "dramatic sensation," and the New York World says it "looms large in contemporary drama." The Chicago Tribune says it is "work of art that is simple enough and true enough to touch the heart

of the world," and the Chicago Record Herald pronounces it "a work for the world to see and ponder upon." The most striking feature of the play is its central character—a mysterious Hindoo bishop, who disguises himself as a servant and secures employment in his own brother's home. This mysterious Indian has been called by the critics of New York and Chicago a reincarnation of the Christ. It is an extremely daring role, but so reverently handled that on offense is given, and the foremost clergymen of America have urged the members of their congregations to see the beautiful and inspiring play.

"The Servant in the House,"

will be played in Nashville by the original New York and Chicago Company, headed by Tyrone Power in his great role of the Brain-Man.

Upholds Tuberculin Test.

(Chicago Evening Post.)

The Kentucky Court of Appeals, in an interesting decision, has sustained the law requiring the State Board of Health to condemn and slaughter all dairy cattle found suffering from bovine tuberculosis.

The Kentucky law was attacked by the dairy interests on the usual grounds. They contended, for one thing, that bovine tuberculosis could not be communicated to human beings. After a considerable review of the medical authorities, the Court of Appeals ruled that the weight of medical opinion was so much evidence to the contrary that the judges felt it would be against public policy to take any chances.

The court took a similar stand with reference to the efficacy of the tuberculin test. They held unanimously that "the weight of medical opinion among scientists who have given the subject study is that the tuberculin test is reasonably certain and practical." And to the argument that the dairymen were at the mercy of unscrupulous state officials who might destroy their herds without just cause the court replied:

"If they kill or cause to be killed cattle not infected, or publish reports which injure or destroy the plaintiff's business, when such reports are not true, they have not a reasonable basis, and members would doubtless be liable in damages to the plaintiffs."

The decision appears to be well considered and reasonable.

Warning to the Temperance Voters of Kentucky.

Liquor people have had a priced man in the consequences for the last fifteen years to secure the nomination of men favorable to their side. Some of the resultant nations have been so out of touch that the decent people up in arms. We suggest in all Senatorial and Legislative Districts, the temperance men narrowly scan the character of the nominees on both sides. The election of the legislature rests with the people and not with a click of money and distillers.

The latest move that has come to knowledge is to secure a member of the Lower House a who will let the liquor people dictate the make-up of the committee on Public Morality. They think to defeat the cause of the electorate by this move. However may be the outcome

of the election, the issue for November 2nd is: Shall the majority, the 350,000 Christian temperance voters rule, or shall the whiskey ring? This is to warn the people of the State of the mischief afoot. Publicity is the best policeman.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from two drops to a teaspoonful. It acts directly on the blood and mucus surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

CRANE DEPOSED, DEMAND OF KNOX

SECRETARY OF STATE ACCEPTS RESIGNATION OF CHICAGOAN RECENTLY APPOINTED.

RECALLED WHEN READY TO SAIL

Minister Crane Was Responsible for Analysis of the Far Eastern Situation Recently Printed in a Chicago Newspaper.

Washington, Oct. 13.—Charles R. L. Crane, of Chicago, minister designate to China was practically deposed by a demand from Secretary Knox, for his resignation. Thus a new chapter in America diplomacy was written.

A citizen chosen with special regard for his qualifications for the post was recalled before he had embarked from San Francisco and discharged from his high office because of alleged indiscreet disclosures, through the press. Moreover, this minister, breaking through all the old traditions insisted on defending himself from the aspersions cast upon him by the secretary of state, by the issuance of a statement which most people here comment on as certain to be embarrassing to the administration.

The history of this extraordinary affair, which began about a week ago, with the announcement that Minister Crane had been stopped at San Francisco at the moment of embarkation for his post by a demand from Secretary Knox for his return to Washington, reached at least its first crisis when the secretary in a formal statement announced that Mr. Crane's resignation had been invited and the minister designate replied in an equally formal statement that while his resignation already had been tendered to the president, he felt himself unjustly treated.

Crane Makes Denial.

Moreover, Mr. Crane in his statement reflected severely upon the officials of the state department charging that not only had they refrained from giving him the instructions usually issued to a minister or ambassador about to leave for his post, but that he had been denied access to them even after he had made repeated appointments with them.

He enters a sweeping denial of the charge that he gave out a newspaper story which is said to be the cause of his deposition, and places squarely upon the shoulders of President Taft, the responsibility for the various utterances he has made regarding conditions in the far east which have aroused the ire of Secretary Knox and for final action upon his resignation.

FERRER IS ORDERED SHOT

Was Found Guilty of Aiding Recent Revolutionary Movement in Country.

Madrid, Oct. 13.—Francesco Ferrer, the former director of the modern school at Barcelona, who has been on trial in that city on the charge of having been the principal instigator of the recent revolutionary movement, has been sentenced to death. He will be shot to night unless his sentence is countermanded.

He is the leading progressive figure in southern Europe, is the idol of the socialists in Italy, France, Spain and Portugal.

Ferrer, who has been charged by the Spanish government with being a notorious anarchist, was arrested September 1 and was accused of being directly responsible for the rioting in Barcelona shortly before that date.

In 1906 he was arrested and charged with complicity with Manuel Morales in an attempt upon King Alfonso's life at the time of the king's marriage. His trial, however, resulted in acquittal.

CUDAHY CONCERN PAYS \$97,777.50

FINE OF \$5,000 IS "PENALTY IN COMPROMISE OF CRIMINAL LIABILITY."

\$695,000 FINE WAS POSSIBLE

Packing Corporation Was Indicted on 695 Counts, Charged With Coloring Oleomargarine Subject to Tax of 10 Cents a Pound.

Leavenworth, Kan., Oct. 12.—The case against the Cudahy Packing Co. for the violation of the internal revenue laws by failing to place stamps on proper denomination on packages of oleomargarine, came to an end in the federal court by a compromise.

The packing company was fined \$5000 and agreed to pay a back stamp tax of \$2,777.50 and a special tax of \$10,000 for agencies, making the total \$32,777.50 to be paid by the packing company to the government.

The Cudahy company was indicted by a federal grand jury in Topeka last April on 695 counts. Samples of oleomargarine had been collected by the revenue department from every section of the United States. It was alleged that the packing company colored the oleomargarine which should have subjected the company to a tax of 10 cents a pound, and that it was disposed of as the uncolored product, upon which the revenue is but a quarter of a cent a pound.

Much Evidence Produced.

H. J. Bent, United States attorney, for the government, produced a great deal of evidence, consisting principally of analyses of the samples seized by the department at Washington. These samples represented 812,000 pounds and it was upon the basis of this quantity of the product that the stamp tax was levied.

An effort was made by the Cudahy company to compromise the case, but no formal action was taken until Monday. The stamp tax of \$2,777.50 was paid some time ago under protest, but the government refused to dismiss the case. The law provides for a maximum penalty of \$1000 on each count, which would have made the packing company liable for a maximum fine of \$695,000 in the event of conviction.

The decree agreed upon before Federal Judge Pollock Monday provides for an aggregate payment of \$97,777.50 and declares that \$500 of the amount is a specific penalty in compromise of criminal liability.

It also provides that the oleomargarine under seizure shall be released upon being put in legal condition.

IDEAL DIME NOVEL BANDIT

While Under Arrest He Holds Up His Captor and Robs a Bank at Same Time.

Lawrence, Kan., Oct. 12.—Scores of armed citizens are searching for Earl Bullock, an 18 year old desperado who robbed the State bank at Eudora and later perhaps fatally wounded Policeman Wilson Pringle who attempted to arrest him at his mother's home here.

Bullock was arrested in Eudora by Deputy Sheriff E. Woods on a charge of robbing a store here. Desiring to talk with E. E. Wilson, cashier of the State bank in Eudora, the deputy took the boy to the bank with him. While Woods and Wilson were talking Bullock drew two revolvers and ordered them to throw up their hands. Then he marched them into a vault and locked the door. Snatching \$1,000 he fled. Two hours later citizens released the two men from the vault and a search for Bullock was started.

Policeman Pringle traced the boy to his mother's home and went there to capture him. Bullock shot down the policeman and made a successful dash for liberty.

Deception of the Circus.

A writer in Collier's who is as familiar with circus life as a press agent, but who doesn't respect trade secrets, says that the graceful young lady bareback rider, and the shapely creature who does thrillers on the flying trapeze, are frequently young men, made feminine in appearance by the addition of a blonde wig and excelsior where nature failed to qualify him for the role.

Making the Best of Life.

Comparatively few men know how to live. The man who has no system in his life, who is regulated by no definite principle and proposes to himself no great and honorable end is not likely to show a satisfactory result. Reflect on the vast possibilities of your life—of honor, usefulness and happiness. Is your life as intelligent, as happy, as useful as you might have made it?

MINING NOTES.

BIG COAL DEAL CONSUMED.

ED AT HENDERSON

Half Interest In Two Mines. Near Corydon, Brings \$20,000.

Henderson, Ky., Oct. 8.—A deal by which one-half interest in the Corydon Coal Company, also a half interest in the Magnolia coal mine, at Corydon, became the property of Dr. J. R. Sigler and B. G. Conley, of Corydon, has been consummated. The monetary consideration was in the neighborhood of \$20,000. About \$15,000 will be spent by the new firm in improvements.

Thousands of Miners Given Work in Kentucky.

Harbourville, Ky., Oct. 11.—Several thousand idle coal miners in Southeastern Kentucky fields have been given employment during the past few weeks by the resumption of mining operations. There is not an idle mine in the district, and most of the collieries are working full time. During the greater part of the summer many mines were closed down and the mine working full time was an exception.

The resumption of activity at mills and factories and the approach of winter has increased the market for steam and domestic coals. Kentucky coal is now finding a wide market in the South as well as in the North, the Southern market having greatly expanded within the past two years.

A coal car shortage is the only impediment in the way of a prosperous season in the coal industry during the coming winter. The railroads are increasing their facilities in this respect, and no serious shortage in coal cars are expected.

J. B. Lindlo left today for Clay, where he has secured a position with the West Kentucky Coal Co. as hoist engineer. He will not move his family for some time yet.

Hardin Tweedle has moved his family to Madisonville. Mr. Tweedle is foreman of the Victoria mine. He has been a resident of this city for a number of years.

Mr. W. L. Rea, who has been unable to work for the past four months, has resumed his old position as weighman at the Arnold mine.

The regular meeting of the mine foremen will be held in the offices of the St. Bernard Saturday night.

Geo. C. Atkinson left Monday for a business trip to Louisville.

NIGHT RIDERS BALKED

IN PLAN FOR MURDER

Independent Growers Refuse to Come to the Door and Be Shot Down.

Carlisle, Ky., Oct. 12.—A band of ten masked night riders went to the home of J. R. Carter, a prominent tobacco grower in this county, last night, shortly after 12 o'clock, and ordered him to come to the door.

Receiving no response from him, they repeated their calls, and when he still refused to appear, they went to his porch to kindling wood and swore at Carter and his family in the vilest kind of language.

After spending some time in vain effort to get Carter to appear, the marauders left, threatening to shoot him on sight.

Carter is an independent farmer and has refused to pool his tobacco. He has been threatened several times with violence for his failure to join the Burley Society.

Reports will be made to ascertain the identity of the riders, and independent growers in

this community are determined to have their rights preserved, and say they will not join the burley pool under any conditions.

Grand Lodge of Kentucky Convene at Mayfield

Mayfield, Ky., Oct. 11.—The grand lodge of Odd Fellows convenes here to-morrow for a session of three days. The opening services will be held at the First Christian church.

The present grand master of the order is Judge John D. Carroll, of the Kentucky Court of Appeals. He will be succeeded by I. N. Williams, of Lexington, now deputy grand master. Mr. Williams will in turn be succeeded by Lynn T. Gruber, now grand warden. R. G. Elliott will be re-elected grand secretary and B. J. Durham, of Danville, will be re-elected grand treasurer. Mr. Durham is the son of Judge M. J. Durham, of this city, past grand sire, and one of the oldest members of the order in the United States. With the exception of the grand warden all of these officers will be filled without any contest. For the grand wardenship there is an open race with eight candidates and a lively contest is in prospect. Past Grand Master Hobbs is slated for election as grand representative to the sovereign grand lodge without opposition.

The following is what the Bulletin Co., Times has to say about Rev. Wheat, who was formerly pastor of the M. E. Church here and married one of our fair daughters, Miss Alice Wise.

We are glad to announce that Rev. R. M. Wheat has been returned to Shepherdsville for one more year by conference which was held at Henderson, and which adjourned last Tuesday. Bro. Wheat's return is highly pleasing to all his church members, and members of other churches and friends out of the church.

He is a broad-minded, scholarly Godly man, firm in his own convictions and giving to others the right to their views.

We are sure Bro. Wheat's return will result in great good to the cause of God and will be of great benefit to his church.

Mrs. Wheat has proven herself a most splendid lady and her friends are legion.

MUST BELIEVE IT

When Well-Known Earlington People Tell It So Plainly.

When public endorsement is made by a representative citizen of Earlington the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

W. A. Tombs, contractor and builder, Clark St., Earlington, Ky., says: "It is a pleasure for me to publicly acknowledge the benefit I have derived from Doan's Kidney Pills. This remedy cured me of kidney disease in a remarkably short time, after other preparations had failed to even give me relief. My back was sore and sore that I could not get about and I was also prevented from obtaining a good night's rest by two frequent urinations of the kidney secretions which caused much pain when being voided and showed that kidneys needed attention. I was finally advised to try Doan's Kidney Pills and procured a supply at the St. Bernard Drug Store Co. I was completely cured, and am glad to give Doan's Kidney Pills the credit for my present good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Mayors.

St. Louis, Mo., Oct. 11.—The opportunity to study mayors was in some respects the finest features of the centennial. Here are approximately a thousand within a radius of 800 miles of St. Louis. Observing them at varying ranges for six days, we

were able to make up a very fair table of what is typical in mayors in the Mississippi Valley, viz.:

Cities of 500,000 or more: rather democratic aristocrat; wealthy; retiring; poor speaker; conventional dresser; alone.

One to three hundred thousand: Not quite so democratic; richer; modest; conventional dresser; fair speaker; alone.

Seventy-five to one hundred thousand: More dignified; well-to-do; careful dresser; cautious manners; better speakers; accompanied by unobtrusive best friend.

Fifty to seventy five thousand: Rather unapproachable; some means; quite eloquent; somewhat dressy; two to three friends.

Forty to fifty thousand: Very dignified; self-made; ready orators; somewhat mischievous dressers; small staff.

Thirty to forty thousand: Rather cold; fairly well-to-do; slightly forward; somewhat odd dresser; larger staff.

Twenty to thirty thousand: Suspicious; seat near fire escape; rather defiant dresser; mixed manners; impressive talker; retinue.

Fifteen to twenty thousand: Very proud; rather boastful; wears home motto on button; noisy orator; large retinue.

Ten to fifteen thousand: Haughty; large diamond; alarm vest; proprietary; born orator; accompanied by amusing bunch.

Five to ten thousand: Great peacock; decorated; hair-triggered orator; front row; badge trimmings; accompanied by very imposing cabinet.

One to five thousand: Fat; about 50; poor; provincial; good-natured; wide brimmed soft hat; back seat; no speeches; lovable; no vest; twiddles thumbs on belly; alone.

CLARK MCADAMS.

We don't include our Mayor in above list.

TORSO OF GIRL IS FOUND

ADDS EVIDENCE OF FACT OF A RECENT MURDER.

Police Are Without Clue as to the Identification of Victim or of Those Responsible.

Tiverton, R. I., Oct. 13.—Although added evidence of the fact that a murder had been committed was found through the discovery of the torso of the young woman whose legs were found in the underbrush adjoining Hulgernmarsh road, the police were still without a clue as to the identity of the victim or of those responsible. Deduction over-night however had led them to look Fall River or possibly Tiverton as the scene of the crime, rather to New Bedford. A sealing indication that Fall River was the place of the murder was found in the pencil written name and address "Frank Hill, (or Hill) Pleasant street, Fall River," which appeared on the inside of the cover of the travelling bag, the lower part of which contained the severed lower limbs found Monday. Inquiry at Fall River, however, failed to attach any connection with the crime to two men of that name in the city, neither of whom live on Pleasant street.

The addition of the torso, leaves missing only the head, arms and the right leg from the knee down. From the partial body, a young woman is described as the victim as follows: About 5 feet in height; about 20 years old; fairly well developed; dark brown hair; feet size 3, and probably a mill operative.

RUSE PUZZLE TO POSSE

They Are Supposed to Have Taken the \$6,500 Stolen From the Louisville, Tex., Bank.

Dallas, Tex., Oct. 13.—What is believed to have been a clever ruse on the part of yeggmen who cracked the safe of the First National bank at Louisville, Tex., is puzzling the several posses and forces of experienced detectives, trailing them.

Hoopprints of five different kinds lead the officers to believe there were many in the gang. The trail runs to Dallas, where the horses seem to have stopped, and there are, in a secluded part of the road, marks as if from the pawing of restless animals and also men's footprints. The men's shoeprints lead towards a by-path and do not lead back from it. The horse prints continue directly along the road.

After trailing the horseprints as far as Fort Worth, they cease, and the advance force of deputies has begun operations there in a quest of the robbers. Another squad is working here.

Among the speakers on the program are Rt. Rev. William N. McVieker, bishop of Rhode Island, and Rev. Father Hull, a noted preacher of Mulfield, England.
